

Mimi's Bloomers General Information

Fabric for block backgrounds: 2 yards

I strongly suggest you wait until you have several blocks done before buying fabric for the setting triangles.

Setting triangles: 1 1/2 yards

Large center setting triangles: 3/4 yard

Binding: 1 yard

General construction technique: Cut your back ground squares slightly larger to allow for shrinkage during applique. Cut 10" x 10" squares....they will be trimmed down to 9 1/2" x 9 1/2" when done.

Fold square in half along both diagonals and use these creases for placement

ENJOY!
