

Florabunda Finishing Directions

Block Borders:

Each block will need two of the borders shown below.

Measure the length of the short border. Cut Block into a square using this dimension. Attach the two short borders to opposite sides with dark colored points pointing toward the center. Attach remaining borders to opposite sides.

There is a tutorial for sawtooth borders on my blog at www.erinrussek.typepad.com under the sawtooth border tab inder categories.

Center Block Borders:

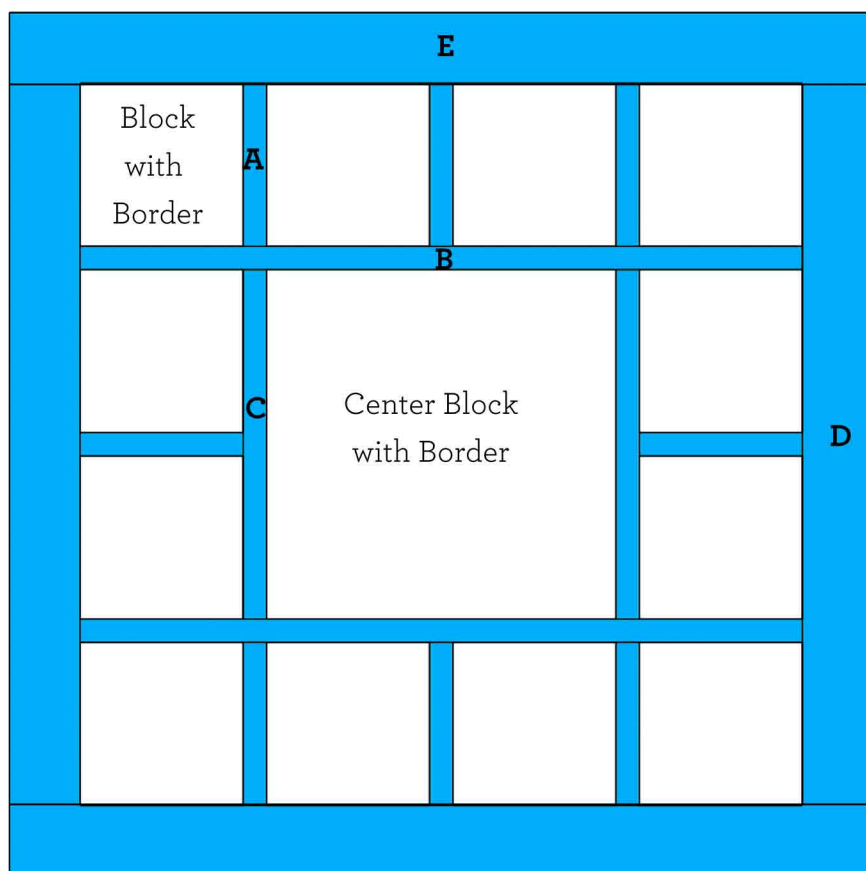

The center block will need two of each of these borders.

Measure the length of the short border. Cut the center block into a square using this dimension. Attach the two short borders to opposite sides with dark points facing in. Attach longer borders to remaining sides.

Final Assembly:

Each block with the borders attached should be approximately a 14.5" square. The center square will be 26.5". Assemble according to the layout shown:

Sashing Strip A:

Cut 8, 2.5" x 14.5" strips

Sashing Strip B:

Cut 2, 2.5" x 62.5" strips

Sashing Strip C:

Cut 2, 2.5" x 30.5" strips

Border D:

Cut 2, 6.5" x 62.5" strips

Border E:

Cut 2, 6.5" x 74.5" strips
